

AI Policy

We welcome contributions that use AI-assisted tools (Copilot, Claude, ChatGPT, etc.) as part of the development process. That said, contributors are fully responsible for any code they submit, regardless of how it was written.

What we expect:

- **Understand what you submit.** You should be able to explain every line of your PR. If you can't explain it, don't submit it.
- **Review AI output carefully.** AI tools can produce plausible-looking code that is subtly wrong, insecure, or doesn't match the project's patterns...
